Private Lessons:

Private lessons, highly recommended for students in 7th grade band. As a student improves, a greater collection of literature becomes available to them and will enable them to excel, which in turn improves the band. With the aid of private instruction, students also find greater opportunity through experiences like all-county, all-district, and all-state band. Many parents have found that enrolling their child in private lessons pays back when they receive college scholarships. Over half of students who continue band through high school receive some or all payment for college.

This is the list of private teachers in the area, please feel free to email me or see me before or after class for references.
